PROFILE

Hello! I am a dedicated, ambitious, and hardworking Software Engineering student with a strong understanding of both software and hardware. I enjoy coding in various programming languages and enhancing my problem-solving abilities through algorithm development. My goal is to continuously expand my expertise and contribute to impactful projects that solve real-world problems.

EDUCATION

- 2023 - ... ○ **Software Engineering**
I am a third-year Software Engineering student at Istinye University.
- 2023 - ... ○ **Computer Engineering**
As part of the Computer Engineering minor program at Istinye University, I am studying critical courses including Operating Systems and Computer Networks.
- 2022 - 2022 ○ **Digital Game Design**
I completed the Introduction to 3D Modeling and Introduction to 2D Modeling Courses in Digital Game Design Department at Istinye University.
